

Stay in the Know Wherever Your Vehicles and Assets Go!

GPS Tracking Services are the most convenient, cost-effective way to know where your vehicles and assets are and where they've been 24/7—anytime, anywhere. You'll have real-time GPS location information, alerts and updates at your fingertips—an excellent way to keep tabs on drivers, recover missing vehicles and monitor and recover lost or stolen valuables.

Benefits

- On-demand location, speed of travel and history information with times and dates on personal computers, smartphones or other Internet-enabled mobile devices.
- Receive instant text messages or email alerts when protected vehicles or assets are moved
- Supports up to 20 vehicles or assets per account.

Vehicles

- Detailed reporting on stops/starts, speeding and more.
- Ability to track your teenage and young adult children's whereabouts—letting you know when they have arrived at a destination safely, how fast they were driving, whether they have left a geo-fenced area, where they stopped and for how long.
- Great way to locate elderly family members on the road—providing you with peace of mind.
- Provides an added safety measure in the event of car trouble and emergencies.
- Helps locate and recover missing vehicles.
- Receive email alerts for vehicle low battery, or if the device has been unplugged or restored.
